

## David Brown BSc (Hons) MRICS

---

Director

Stoford Developments

David has been a Director of Stoford Developments for 10 years and has over 20 years experience in the Midlands property sector. Stoford Developments is a privately owned company specialising in 'end user' led property solutions and their clients include FTSE 100 Corporations, Government Departments, County Councils and Local Authorities.

Stoford's approach to designing buildings for 'end users' has driven the business and it is the constantly evolving requirements of these occupiers which keeps Stoford focussed at the forefront of 'best practice' and sustainable design solutions. Stoford recognise the need for partnership working in many situations where the different stakeholders all need to influence the procurement process. David is project director on Stoford's flagship £65 million development for Severn Trent Water in Coventry.
