

Richard Morris

Partner
EC Harris

As a partner within the property group of EC Harris, Richard is involved in many significant commercial developments within the Northern Region. Primarily based in Leeds, he has over 23 years experience in the construction industry, including two years spent working in the USA.

Qualifying originally as a Quantity Surveyor, Richard then developed into Project Management and other positions where he has represented the Client's interests. This has meant dealing with a wide range of projects for a diverse mix of clients and has included both major Grade A office developments and high quality tenant fit-outs.

As well as being a member of the BCO, Richard is also actively involved as part of EC Harris' international property community.
