

BCO Technical Tour

One year on: From vision to reality at 1 Lancaster Circus
Tuesday 2 March 2010, 16:00 - 18:30

The BCO's Midlands Chapter invites you to visit 1 Lancaster Circus, one year on from our last visit to this building. The first phase of the project – the refurbishment of the 3rd and 4th floors - is now complete, as part of the Working for the Future transformation programme.

Working for the Future is transforming Birmingham City Council's 1.2 million sq ft administrative office portfolio to improve customer service delivery, provide better workplaces and act as a catalyst for new ways of working.

1 Lancaster Circus was the first major refurbishment project to get underway and the top two floors are now fully refurbished and occupied. The introduction of raised floors, removal of cellular offices, installation of new windows and central meeting rooms makes the space barely recognisable.

It is now a new light bright environment that utilises natural daylight and lighting technologies. Major works have also been undertaken to provide a new heating, cooling and ventilation system. The result is a first class, environmentally friendly working environment for employees.

Phase two has already begun and refurbishments are ongoing - the ground, 1st and 2nd floors are due for completion June 2010.

EVENT DETAILS

Venue

Room 401, 4th Floor, 1 Lancaster Circus, Queensway, Birmingham
