

Loki Cheeseman, MovePlan

Loki is a Project Director for MovePlan in EMEA. Loki has managed multiple complex move and change projects for clients across UK and Europe, managing the various projects effectively and efficiently to ensure high quality delivery. With a broad range of project management and design experience, together with a great understanding of the change cycle and how the act of altering a work environment can affect a person's comfort level and productivity, Loki provides successful delivery and excellent customer experience across EMEA.

Loki is an active member of many industry organisations including BCO. Loki is a certified PROSCI® Change Practitioner (CCP).

Loki is passionate about engagement and the importance this has on successful workplace projects. She continually works with clients transitioning to new models of working and thrives within this environment.
